

The LAN Fiber Optic Patch Cord was designed for fiber optic applications which have assembled from high performance cable and connector. Utilizes to connect fiber equipment to fiber patch panel. The Duplex Cord provided for multimode as well as simplex for singlemode, also comply Custom length are available. Comply with TIA/EIA Standard requirement.

Features

- Factory Assembly with high quality control
- Factory testing for low loss
- Special with ceramic zirconia ferrule connector
- High grade of zipcord fiber cable
- Different color boot for easily to identify
- Easily to install and durable

Multimode 50/125

Multimode 62.5/125
